TORRE A CONA

Osteria Torre a Cona hosts you in what were once the Guardian Houses of the Castle of Quona, then the lemon house, which gives access to the centuries-old park of the Villa.

The chefs Maria Probst and Cristian Santandrea choose every day only among the most virtuous Tuscan farmers and producers, the ingredients that speak of our land and of a slow time, between history and nature.

The drawings on the menu are inspired and designed by Maria Probst.
